**EXHIBIT “A”

**DECLARATION OF TRACY LEE HURST-CASTL. DEBTOR'S OBJECTION
AGAINST UNSECURED CREDITOR THE LAW OFFICE OF THE LAW
OFFICES OF KRISTINA WILDEVELD & ASSOCIATES ADAMATLEY
DISPUTES THEIR PROOF OF CLAIM #6**

I, Tracy L. Hurst-Castl, am over the age of 18 and make this declaration under penalty of perjury, and based on my personal knowledge to be true facts. I am the Debtor in this matter and make this **DECLARATION TO SUPPORT MY OBJECTION AND DISPUTE THE FILED PROOF OF CLAIM #6 AGAINST UNSECURED CREDITOR, BASED ON THESE FACTS THE LAW OFFICE OF KRISTINA WILDEVELD & ASSOCIATES PROOF OF CLAIM #6 SHOULD BE REJECTED, DENIED AND DEEMED INVALID DUE TO INTENTIONAL MALICIOUS MISREPRESENTATION AND FRAUDULENTLY ALTERING A SIGNED DOCUMENT AFTER EXECUTION.**

I adamantly dispute and challenge the validity of The Law Offices of Kristina Wildeveld & Associates filed Proof of Claim #6 in this case for amount of \$61,598.58 that they claim I allegedly owe.

**DEBTOR'S INITIAL INTRODUCTION
TO THE LAW OFFICE OF KRISTINA WILDEVELD & ASSOCIATES**

On April 7, 2020 our introduction was via phone to Ms. Kristina Wildeveld by Dr. Stephanie Youngblood, a mutual friend to file a medical malpractice

complaint. Ms. Wildeveld stated that she was able to represent me being that she was licensed in California and could address the gross negligence of the Cedar Sinai surgeons leaving a screw and sponge in my head causing serious infection and complications that ultimately progressed developing into life threatening sepsis and osteomyelitis, a rare bone infection that required removing the front portion of my skull/bone causing a large opened wound exposing my brain.

On April 9, 2020 I visited Wildevelds' office for an in-person free consultation with Attorneys Lisa Rasmussen and Kristina Wildeveld to solely discuss the medical malpractice matter. I also disclosed that I was still suffering from a cranial disability that continued to affect my physical, emotional, and cognitive state still being under the care of the Florida surgeons that saved my life; who discovered and removed the screw and sponge from my head while performing the latest emergency surgical procedure (4th surgery) and evidenced in my medical reports and the numerous letters from my surgeons describing the same.

During this consultation we discussed the details of clear medical malpractice and that Dr. Lauren Schwartz, my neurosurgeon was willing to testify on my behalf to verify that she found gross negligence and clear medical malpractice from the prior Cedar Sinai surgeons. The main matter was to initiate

a medical malpractice lawsuit in California with their colleague "Josh" who would co-counsel from their Los Angeles office.

Attorney's Wildeveld and Rasmussen had me sign a HIPPA release authorizing them to retrieve additional medical records then in turn I provided them a hard copy of my medical history and records from my latest hospital stay at Good Samaritan Medical Center. They agreed to protect my physical, emotional, and cognitive challenged condition and foremost file a timely malpractice complaint mutually agreeing to a contingent fee basis and filing within the statute of limitations. Thereafter unknown to me they broke their agreement failing to honor their promise to protect my interest while being a most vulnerable client.

During this consultation I incidentally discussed my ongoing Castl vs. Pennymac civil case and my concerns about my then Attorney Mr. Michaelidis missing critical deadlines jeopardizing my case. Ms. Rasmussen stated that he has been in trouble before and is not a good attorney instilling fear of loss that he would continue to damage my case. After listening to Ms. Rasmussen I felt I was being harmed and compromised by Mr. Michaelidis. I then asked if it would be possible for Ms. Rasmussen to replace him to preserve my case and to request a continuance of the trial date due to my medical crisis, being that I required an

additional surgery to address the open wound needing a revision and missing a portion of my skull. Ms. Rasmussen stated she would need to do additional research and would call me.

On April 13, 2020 I received a call from Ms. Wideveld and Ms. Rasmussen collectively on speaker phone wanting to address the Pennymac case.. They agreed to substitute in the case however they would require a \$SOK retainer to do so. I suggested that they could lien the medical malpractice case, Ms. Wildeveld stated she does not do that. I explained that my financial resources were exhausted and that I would ask for assistance from my family and get back to her. I immediately called Dr. Stephanie Youngblood in an emotional state explaining to her that I could not possibly pay their requested fee. I only wanted them to continue the case and push the trial up until I was able to get through my medical crisis and additional surgery. Or. Youngblood told me that she would address the excessive fee with Ms. Wildeveld she explain my situation then asked her for a friend of a friend favor. Shortly thereafter I received a call from Ms. Wildeveld stating that she "overshot her assessment" and would take a flat fee of \$SK to take over the Castl vs. Pennymac case. I also informed her that I would be able to pay her in two \$2500 installments, she agreed. Dr. Youngblood planned to testify on my behalf to these facts however, my attorney Mr. Marc Applbaum who was

defending me against their lawsuit failed to preserve Ms. Youngblood's testimony; sadly she passed away from cancer on August 31, 2022.

Attorneys Wildeveld and Rasmussen where fully informed since our introduction that I possessed no foreseeable financial means living collectively on family contributions, speculative thinking that a possible medical malpractice settlement would be reached with possible financial reward in the future.

On April 14, 2020 I hand delivered \$2500 to Ms. Wildeveld's office, and agreed to deliver the balance of \$2500 on April 20, 2020. I was presented a generic fee agreement/document from her receptionist and was asked to fill out my personal information: Upon paying her the first installment she made certain notations on the document/agreement documenting the \$2500 in the bottom right hand corner. Their hourly rate was left blank and it also lacked identification of either case and the \$2000 monthly payments were not noted in my presence or upon signing. I trusted that Wildeveld Law Firm would protect my best interest . knowing I was extremely vulnerable being cognitively challenged with a cranial disability. I assumed such based on the referral from our mutual friend Dr. Stephanie Youngblood that they would protect me. Upon signing the document I was not given a copy, the receptionist stated that Ms. Rasmussen would sign it and thereafter would provide me a copy.

On April 20, 2020 Johnnie delivered \$2500 to Wildeveld's office and received a paper receipt **"Johnnie Castl c/o Tracy Castl \$2500.00 Attorney Fee"**.

The receptionist failed to document this final installment on the document/fee agreement, he was only provided a paper receipt. Additionally on the same day I emailed Ms. Wildeveld to confirm that the balance was paid in full as follows:

Subject "RE: Payment paid in full today:)

"Hi Kristine, Johnnie infor ed me that he came in and paid you the full amount I promised. I'm so thankful he took care of my obligation to you. I'm big on keeping my word and he knows this. Although I have been disheartened by "family" I'm grateful he was able to make sure you were paid. Big relief for me." (Exhibit A)

Neither Ms. Wildeveld nor Ms. Rasmussen disputed or negated this email nor did they have the courtesy to respond and did not inform me otherwise. At no time during their representation did I receive from their office collection calls nor was I informed that I agreed to pay \$2000 per month payments nor was I provided monthly billing statements requesting payment and I was not sent any past due notices demanding a monthly payment, nor did they threatened to withdraw from either case for me failing to make monthly payments that were supposedly mutually agreed upon.

Furthermore Ms. Rasmussen failed to itemize this April 20, 2020 email and intentionally omitted it from her billing statement. She also omitted September 1, 2020 email as follows:

"Hi Tracy, I did get the documents from Johnnie, I went through some, but not all. I filed these two things today: 1. Motion to Continue Trial; 2. Plaintiff's pretrial memorandum. Also attached is the Defendant's pretrial memorandum. Lisa". (Exhibit B)

Ms. Rasmussen at the last minute drafted and filed a Motion to Continue Trial knowing it would be denied, but only to create more billable hours. She failed to notify Judge Johnson of the status of my health condition 60 days prior to the scheduled trial date of September 8, 2020 as the Judge requested.

On May 5, 2020, Ms. Rasmussen sent me an email:

Good morning folks:

New Trial Date is September 8, 2020.

Calendar Call is 8/19/20 at 8:30 a.m.

Pretrial Submissions due May 26, 2020 (to PennyMac)

Pretrial memorandum to be submitted on or before August 19, 2020 (to chambers)

If there is a medical issue that causes us to not be able to comply with the September 8th trial date, we must file something 60 days in Advance, which would be by July 8th.

Judge Johnson would like to see Tracy pursue local options for the follow up surgery, he does not know why she needs to travel to Florida. Just passing along what he said.

So, we can breath for a moment.

Lisa (Exhibit C),

Ms. Rasmussen displayed an attitude of complete indifference to my life-threatening illness, ignored my debilitating health concerns, and failed to protect my interests, evidenced by several emails dated July 6, 2020, August 4, 2020 and August 24, 2020 (evidenced and supported by numerous doctor letters) they fully informed her of my serious health conditions and restrictions.

Ms. Rasmussen was grossly negligent when she intentionally ignored Judge Johnson's request to update the court about the status of my medical condition subjecting me to unnecessary interrogation forcing me into trial that would only financial benefit her law firm. Her only concern was to create more billable hours without my knowledge as itemized on her invoice without a signed fee agreement, the firm falsely billed for fraudulent fees as reflected on Invoice Nos. 196, 206 and 234; she purposely failed to notified the Judge allowing her work to continue, accumulating costly fees creating more billable hours with nointention on continuing the trial date. I was lead to believe that she was handling the Judges request and notified him accordingly per his request. She secretly continued to prepare for trial drafting unnecessary and costly motions th t were not warranted if she would have simply adhered to the Judges request the work would have halted. Additionally I notified Ms. Rasmussen by email providing her numerous doctor letters' evidencing my inability to participate in a trial, this was

unfair and prejudicial. She had complete disregard for my fragile medical and emotional condition demonstrating her only motivation was to create a huge billing invoice despite knowing my financial condition. For example she charged me this fee below to draft her last minute motion knowing it would fail and be denied, as documented on her billing invoice as follows:

9-01-2020 Lisa Rasmussen
Draft Motion to continue trial & prepare all exhibits, including
deciaration; review docs from client
HOURS: 5.00 RATE: \$600.00 AMOUNT: \$3,000.00
(see billing Invoice number 206)

Ms. Rasmussen was also grossly negligent when she purposely withheld the fact from me that she **DID NOT** notify the Judge and purposely defied his request including ignoring my July 6, 2020 and July 8, 2020 emails showing concern that the court needed to be notified within the courts stated timeframe her actions are inexcusable and malicious.

My email to Ms. Rasmussen dated July 6, 2020:

"I was worried about the July 8th deadline for a motion if not medically able to participate with trial in September keeping in compliance with the Judge."(Exhibit D)

Ms. Rasmussen's responded with a question as follows:

"I'm not sure what to tell the court, maybe request an extension of this deadline?"

My email on July 8, 2020 responding to her question:

"Sorry for this delayed response. Yes I think it's best we ask for an extension at this point. We don't really have a choice."

Ms. Rasmussen's clear intention was to deceitfully force me to participate in a stressful trial against doctor's advice as evidenced by several letters; this also allowed her to create more billing hours even though she knew there was not a signed fee agreement to proceed with a costly trial. Additionally despite knowing my inability to pay which allowed her to deceptively seek unjust legal fees for a future lawsuit and a plan to sue me, hoping to prevail on a financial judgment against me that would allow her to attach my personal assets. Her behavior only demonstrates taking advantage of a most vulnerable client. Attorney's Ms. Wildeveld and Ms. Rasmussen intention from the beginning was not to protect my best interest but only to enrich themselves.

The only time I was ever presented with a billing invoice was after the fact on October 2, 2020 almost 3 weeks after the trial concluded on September 10, 2020.

On September 10, 2020 Johnnie delivered \$2000 to their office and reimbursed them for unforeseen out of pocket expenses such as the last minute

deposition transcript that Ms. Rasmussen ordered was expensive and other miscellaneous costs; he did not receive a receipt for this reimbursement. This same day he emailed Ms. Rasmussen to confirm that she received the envelope that contained the money, she did reply confirming such. However, Ms. Rasmussen deceptively demonstrates on her proof of claim the supposedly missed monthly payments and continues to intentionally misrepresent the reimbursement as a monthly payment or the continuation of a monthly payment to fit her narrative that I failed to make monthly payments.

On October 2, 2020 I received an email from Jessica Malone, Wildeveld's Legal Assistant with an attached Invoice number 196 requesting amount due upon receipt. I was blindsided by this invoice due to the fact that neither Ms. Rasmussen nor Ms. Wildeveld ever discussed their additional fees with me. I quickly glanced at the invoice and discovered several discrepancies referencing their rate \$600 and \$650 per hour. I immediately called Ms. Malone and asked her to clarify their hourly rate and explained the invoice was showing conflicting rates. I also requested a copy of the flat fee agreement/document that I signed, she stated that she would inform Ms. Rasmussen of the discrepancies and my request for a copy of the signed document that they are leaning on to

substantiate the billing Invoice. Ms. Malone stated she would check with Ms.

Rasmussen and get back to me.

Finally almost 3 weeks later on October 21, 2020@4:47p I received a voice mail from,Ms. Malone as follows:

"Good afternoon this is Jessica calling from the law office of Kristina Wildeveld I'm giving you a call back regarding our previous conversation regarding your last invoice um just want to give you an update so there was a discrepancy all should read I think 600 um and Ms. Rasmussen was going to have that corrected and then forward me a corrected invoice with all the correct payments I think the 650 was an error they should all read 600 is what I think I understood and then her secretary is suppose also send me a copy of the fee agreement once I get that and the corrected invoice I will be sending you both of those I just wanted to circle back that we did look into it if you have any questions please feel free to give me a call back our number is 7022220007 7022220007 thanks so much have a good day."

Then on October 26, 2020 I received a voice message@ 9:18am from Martha calling on behalf of Ms. Wildeveld scheduling a meeting in her office for October 27, 2020 at 10am. I did not respond.

I received another call from Martha the same day@ 3:50pm to confirm meeting tomorrow at 10am. (these voice messages are available upon request)

Finally three plus weeks later from my initial request on October 2, 2020 for a copy of the fee agreement/document I signed and her hourly rate clarification I received an email on October 26, 2020 late afternoon from Ms. Rasmussen with

attachment noted **"Revised Sept 29 Invoice.pdf"** and **"Hurst Fee Agreement.pdf"**

as follows:

"Hi Tracy,

I have fixed the billing entries that were listed at \$650. Those were in error, my current hourly rate is \$600. See the revised invoice attached hereto.

Also, the retainer agreement is attached hereto. It indicates that we bill hourly, which is how we do hourly cases. Our hourly rates change at the beginning of each year so we state that it is our "current standard rates" as indicated.

And finally, I think you asked if you are going to be billed to talk to both of us tomorrow. No, we have never billed you for that when you have met with both of us and we would not do that tomorrow.

Look forward to talking to you. Lisa" (Exhibit F)

Her revised Invoice number 206 reflects her adjustment showing \$600 as her hourly rate. I was never informed throughout their entire representation or was ever discussed. I was completely unaware of their hourly rate, hence not documented on their fee agreement. This space was not filled in at the time I signed their generic document/fee agreement.

**THE LAW OFFICES OF KRISTINA WILDEVELD & ASSOCIATES
PROOF OF CLAIM #6 INVOICE NUMBER: 234 "EXHIBIT A" IS
MISLEADING AND FILED IN BAD FAITH**

Ms. Rasmussen in bad faith filed her proof of claim #6 evidencing her January 5, 2021 billing invoice showing a balance owed totaling \$8400.00; for the Invoice period: 9-30-2020 through December 30,

2020. Her evidenced claim is deceptive and clearly does not reflect the same with the billing Invoice number 234 that she emailed to me on January 5, 2020; specifically pages 4 & 5 that is filed in this case it is different from pages 4 & 5 that I received by email from Ms. Rasmussen on January 5, 2021. My copy of page 4 shows only one matter Castl vs PennyMac; however her page 4 she filed in this case reflects two matters Castl vs PennyMac and Castl vs GS, page 5 shows the same. Ms. Rasmussen's evidence marked as "Exhibit A" in her proof of claim the January 5, 2021 billing Invoice no. 234 does not reflect the same that she provided me, her actions are clearly deceptive and contemplated. (Exhibit G billing invoices 196, 206 & 234 that were provided to me from Ms. Malone and Ms. Rasmussen)

Also her Proof of Claim #6 page 4 states **TRACY LEE HURST CASTL**
PAYMENTS 2020, 2021, 2022, 2023 "NP-No Payment Made, P-Payment Made" then showing payment made in April 2020 and another in September 2020, they are intentionally and purposely misleading me and the court. There is NO existing signed FEE AGREEMENT where I

agreed to make \$2000 monthly payments from April 2020 through January 2023, this is fabricated and untrue.

Furthermore, I was completely ambushed with her first billing Invoice number 196_which I received from her employee Jessica on October 2, 2020 and to me being highly questionable, fraught with inconsistencies, showing hourly rate discrepancies. Then on October 26, 2020 almost 3 weeks later I received Ms. Rasmussen's Revised Invoice number 206.

Ms. Rasmussen's email to me dated October 26, 2020 states:

"Hi Tracy, I have fixed the billing entries that were listed at \$650. Those were in error, my current hourly rate is \$600. See the revised invoice attached hereto.

Also, the retainer agreement is attached hereto. It indicates that we bill hourly, which is how we do hourly cases. Our hourly rates changes at the beginning of e_ach year so we state that it is. our "current standard rates as indicated.

And finally, I think you asked if you are going to be billed to talk to both of us tomorrow. No, we never billed you for that when you have met with both of us and we would not do that tomorrow.

**Looking forward to talking to you.
Lisa" (Exhibit F)**

On October 27, 2020 one day after receiving Ms. Rasmussen's email is the first time that the billing Invoice was discussed in a telephone conversation with Attorneys Wildeveld and Rasmussen in their mission in seeking payment. During this conversation I questioned their charges and discussed the chain of events leading up to them ambushing me with their erroneous billing invoice and it is to be noted that Attorneys Wildeveld and Rasmumssen never accused me of falling behind on monthly payments nor was there any discussion about me missing 5 month's worth of \$2000 in monthly payments. I was shocked with their accusations of me promising to pay them from my car accident settlement along with other untruthful statements. I was stunned and became non responsive, and in shock unable to defend myself as their tone was sternly forceful, aggressive and both bullying in nature. Attorney's Wildeveld and Rasmussen collectively verbally and emotionally abused me in this conversation so much that I was extremely traumatized, witnessed by Johnnie Castl; thereafter I

refused any further verbal communication or personal contact with them or their office employees by phone or in-person.

Despite them being clearly aware from the onset of their representation, me having zero financial means, and knowing I was living on family contributions throughout my ongoing medical crisis to present, they clearly knew that I lacked the ability to pay legal fees but then without my knowledge deceptively continued to create further billing hours through January__ 2023__.

Sometime in early December 2020 Ms. Rasmussen stated that she could no longer represent me due to my outstanding balance. On December 18, 2020 I emailed Ms. Rasmussen the following:

"Hi Lisa, I'm not surprised about the order; however I understand your position. I request that you sign and file a Substitution of-Counsel to myself as I have no other choice than to proceed in Proper Person.

Additionally I request that you provide me with copies of all email communication or documents that you have pertaining to my case with Opposing Counsel, Court or any other third party.

Please advise **Patty** and Kristina that my resources are exhausted at this time and actively seeking a solution aside health priorities."

Ms. Rasmussen response to email dated December 18, 2020 as follows:

"Hi Tracy, The substitution of attorney is attached for your signature.

I will prepare the file for you. I will provide it to you in electronic format on a flash drive and we will let you know when it is ready for pickup. Please sign and return this substitution of attorney for me. Thank you, Lisa."

I signed the Substitution of Attorney that lacked a signature line, I wrote in the signature line and signed, then returned to her by fax the same day. On December 29, 2020 I received an email from Ms.

Rasmussen as follows:

"Substitution of Attorney Hi Tracy I still need your signature on the Substitution of Attorney, attached. And a reminder, your deadline to file a notice of appeal is Thursday, 12/31. I would like to get the substitution of attorney filed prior to that, or tomorrow. Lisa"

On December 30, 2020 I responded to Ms. Rasmussen's email as follows:

I Signed Substitution of Attorney -12/18/2020

Lisa, Yes I signed and faxed to you on 12/18/20; however you did not leave me a signature line so I wrote it in and signed it under my information and faxed it to you on 12/18, see copy of fax and confirmation below. I noticed on this new document there is a signature line for me on the second page. Please check with whoever handles your incoming faxes. Let me know. Thanks"

Ms. Rasmussen response to email as follows:

"Hi Tracy, Sorry for the confusion of the sub _of attorney. I must have sent you one without a signature line and did not intend to. I also did not see a fax, so thank you for emailing me the signature. I have filed it and a file stamped copy of attached/"

However this January 5, 2021 billing Invoice number 234 reflects charges after December 18, 2020 through January 5, 2021 even though _

I signed and faxed the Substitution of Attorney back to her on

December 18, 2020.

Also their billing Invoice's 196 & 206 reflects that they started billing me on April 9, 2020 prior to me signing their generic document/flat fee agreement on April 14, 2020.

Additionally on their Proof of Claim no. 6, on page 8 and their page 4 of the billing invoice titled **Client Statement of Account as of 8-31-2021** which I was never provided reflects two matters first Castl vs GS with an assigned billing invoice number 252 which was withheld from me and the second matter being Castl vs PennyMac. Castl vs GS is the medical malpractice case showing that they were tracking billable hours in the amount of \$6,886.30 even though it was agreed the case would be billed on a contingency fee. I was never aware or provided this billing invoice number 252 nor was I ever provided a withdrawal letter from Attorney Wildeveld or Rasmussen.

However unbeknownst to me they failed to timely preserve the medical malpractice claim severely damaging my right to collect a well deserved financial settlement due to gross negligence for clear medical malpractice against the Cedar Sinai surgeons, despite them receiving correspondence from the surgeon's insurance carrier, they purposely ignored and failed to respond to the Sr. Professional Liability Claims Specialist Ms. Kate LoCurto's request for additional information

(Exhibit K).even though they created a separate account for the medical malpractice matter, they also sought and retained my medical records, it was possible having the legal knowledge and expertise with not much effort to attempt and negotiate a sizable financial settlement without having to file a lawsuit. Furthermore, without my knowledge the Wildeveld Law Firm deliberately sabotaged this case severely harming me emotionally and financially. With their 20 plus years experience of practicing law their actions *ate* blatant and considered to be gross negligence with contemplative intention to destroy me.

The second matter shows Castl vs. PennyMac, collectively agreeing to a flat fee of \$5000 to only continue the trial date which was not difficult due to the Governors covid emergency orders referencing non essential trials and collectively with me in a medical crisis having excusable cause to postpone the trial.

Attorney's Ms. Wildeveld and Ms. Rasmussen never discussed trial fees with me nor did they present me with a fee agreement to sign addressing such. I was bullied and forced into a trial by Ms. Rasmussen;

in bad faith and without my knowledge she failed to notify the Judge as was requested evidenced by her email to me on May 5, 2020. As a legal professional having many years of experience she should have known that her last minute Motion to Continue Trial Date would be denied, her intention is clear she only was interested in creating additional work to accumulate more billable hours to inflate the balance, knowing I was unable to pay additional legal fees.

THE LAW OFFICES OF KRISTINA WILDEVELD & ASSOCIATES
PROOF OF CLAIM #6
GENERIC FEE AGREEMENT-DATED APRIL 14, 2020
FILED IN THIS CASE AS "EXHIBIT B"

Firstly, their version of a fee agreement is a generic form document in nature, untitled and designed for a criminal case client. This agreement/document is extremely unprofessional and not in line with legal professional standards; it is inadequate, inappropriate and its ambiguity seems purposeful. This document is intentionally designed to mislead a client and is open for nefarious alterations after execution. It grossly fails legitimacy in its entirety failing to outline or reflect their specific scope of work and also fails to

identify case or number, clearly lacks the actual mutually agreed upon terms for representation.

This proposed fee agreement/document was presented to me upon paying the first installment of \$2500 on the agreed amount of a flat fee \$5000 and the last installment was paid on April 20, 2020 as mutually agreed and promised. The receptionist asked me to fill o_out my personal information and sign where shown. After filling out my personal information and paying the first installment of \$2500 the receptionist noted the \$2500 in the bottom right-hand corner of the document and gave me a paper receipt showing:

date 4/14/20 No.071282 received from Tracy Hurst-Castl \$2500.00 amount two thousand five hundred 00/100 for payment of Attorney fee"

"The fee is to be paid as follows: \$ _ {left blank} initial retainer paid up front; remaining balance payable at a rate of at least \$ "2000"(the 2000 was written in after I signed it}per month commencing on the payment date indicated below." (below fails to state what date the payment would start).

"AGREEMENT FOR REPRESENTATION: I HEREBY RETAIN KRISTINA WILDEVELD, ESQ. & ASSOCIATES {"Law Firm;") The Law Firm is hereby engaged to represent: (left blank) (client) in the above matter(s)..."

Retainer:\$ 2,500.00 (written in by receptionist in front of me)

Payment Dates:

1. _/_/_ monthly

Note: payment dates were blank and "monthly" was handwritten in not in my presence, it was blank and not completed upon me signing the document.

Then it states **"remaining balance payable at a rate of at least \$ per month"** this was blank when I signed the document, the "2000" was obviously hand written in, lacking my initials beside it, I believe this was unlawfully added after the fact to substantiate the balance they claim I owe. I allege this document was nefariously altered to fit their narrative of me owing them outstanding legal fees. I believe these actions were contemplated and intentional.

Additionally they failed to provide me a copy of the signed document at the onset of their representation, only receiving-a copy after I requested it from Ms. Malone long after the Cast! vs. PennyMac trial concluded and upon receiving their revised Invoice No. 206 on October 26, 2020 as evidenced by Ms. Rasmussen email attachment dated the same.

**THE LAW OFFICES OF KRISTINA WILDEVELD & ASSOCIATES
COMMITTED MANY ATTORNEY-CLIENT PRIVILEGE VIOLATIONS
CONTINUALLY EXPOSING CONFIDENTIAL INFORMATION INCLUDING
DEFLAMATION OF CHARACTER-COMMITTING LIBEL AND SLANDEROUS
ACTS AGAINST TRACY L. HURST CASTL**

In conclusion as a most vulnerable client they intentionally took extreme advantage of my medical and mental disabilities 'causing me further harm using the most unethical tactics with an uncertain motive other than money. They broke their promise and breached their contract neglecting to uphold their fiduciary responsibility to properly protect and defend me.

Additionally, attorney-client privilege protects confidential communications between lawyers and their clients from being revealed. Attorneys are required to keep these communications secret; however, they purposely violated my privilege and ignored their ethical obligation to me as their client, exposing confidential communication on numerous occasions, despite knowing their tactics are clear violations and considered legal malpractice.

During their representation and while defending me they committed several HIPPA violations when filing certain motions in the Castl vs. Pennymac civil case purposely failed to redact personal information, exposing a complete set of my hospital and medical records from a prior hospital stay that I provided Ms.

Rasmussen for use in the medical malpractice case. However, Ms. Rasmussen felt it necessary to utilize my private medical records in the civil case despite having surgeon letters to validate her augment to prevail on a motion to continue trial date, which ultimately failed because her filing was untimely and she failed purposely ignoring the Judges prior request.

On February 23, 2021 The Law Offices of Kristina Wildeveld & Associates filed a lawsuit against me, knowingly used false allegations **Of FRAUD, BREACH OF CONTRACT, UNJUST ENRICHMENT, and INTENTIONAL MISREPRESENTATION** to purposely and maliciously defame my character committing many acts of libel and slander. Their unlawful-and cruel actions against me have severely damaged my reputation by purposely filing these false allegations in a public forum, knowing that their accusations are untrue.

The Law Offices of Kristina Wildeveld & Associates demonstrated such gross negligence when they failed to file a timely medical malpractice complaint and failed to advise me otherwise causing me extreme anguish and emotional duress. Because of all the stated facts evidenced herein **THE LAW OFFICES OF KRISTINAWILDEVELD & ASSOCIATES PROOF OF CLAIM #6 SHOULD BE REJECTED, DENIED AND DEEMED INVALID DUE TO INTENTIONAL MALICIOUS**

**MISREPRESENTATION AND FRAUDULENTLY ALTERING A SIGNED
DOCUMENT AFTER EXECUTION.**

Lastly, on March 20, 2023, I memorialized my intent to file a legal malpractice complaint against The LAW OFFICES OF KRISTINA WILLOEVELD & ASSOCIATES as stated on "Official Form 106A/B, Schedule A/B: Property, Part 4,". In this bankruptcy case.

**I DECLARE UNDER PENALTY OF PERJURY THAT THE FOREGOING IS TRUE AND
CORRECT.**

DATED: This day of 8th July 2023.
